### Has Throat Cut.

Visitors in the city from Tombstone state that the other night a Mexican of the county seat, who did not give his name, reported to the officers that he had been attacked by several men and beaten and robbed, and that one of the men had attempted to cut his throat. The wound inflicted by the holdups is not considered very serious. The officers are on the look out for the assailants.

### Will Return Soon.

Word has been received in Bisbee to the effect that Dr. F. W. Randall, at one time the superintendent of the county hospital and well known in the Warren district, would shortly return to the United States from Mexico. Dr. Randall is now head of General Obregon's medical staff and holds a commission of Lieut.-Colonel in the Constitutional army, having accompanied the army from Simla to the City of Mexico. Little has been heard of Dr. Randall since he joined the constitutional forces.

### Max Levy Threatened.

Walter D. Evans, Sam Briscoe and Max Levy returned yesterday from an automobile trip into the Herford district, whither they were attracted by a country-side dance at the Garces school. The cordiality of the reception accorded Messrs. Evans, Briscoe and Levy has about determined Mr. Levy on entering the political arena on his own account. "Many easterners have settled in the country in the vicinity of Herford the past two years," said Mr. Evans, "and they would seem to be doing as well as could be expected thus far."

### State Fair Commissioner.

J. R. Henderson, the Cochise county member of the Arizona State Fair commission, has returned to the city from Phoenix, where he has been in attendance of a meeting of the commission, arranging for the coming annual fair to be held in November.

### Court Commissioner Here.

Frank W. Goodbody, court commissioner at Tombstone, arrived in the city yesterday morning from the county seat, and throughout his stay in the district was kept busy in shaking hands with his many friends and acquaintances.

### Telegraph Auditor.

C. A. Holzer, for many years a resident of this county, but now residing in Los Angeles, arrived in Bisbee last evening, and will be here for several days on business connected with his position as auditor for the Western Union Telegraph company.

### Tombstone Citizen.

W. P. Thompson, one of the best known citizens of Tombstone, drifted into the city yesterday afternoon from the county seat, having been called here on business matters. He will be here for several days.

### Up From Douglas.

C. C. Barclay, a resident of Douglas and favorably known in the Warren district, is here from the smelter city on matters of a commercial nature.

### Passes Through City.

H. H. Hotchkiss, junior of the well known Douglas automobile firm of Huntsman & Hotchkiss, passed through the city yesterday morning in his Overland touring car en route to Tombstone, where he was called on business.

## LOOK HERE FOR IT

Many a Bisbee Reader Will Be Interested

When people read about the cures made by a medicine endorsed from far away, it is surprising that they wonder if the statements are true. But when they read of cases right here at home, positive proof is within their reach, for close investigation is an easy matter. Read Bisbee endorsement of Doan's Kidney Pills.

"I have found that Doan's Kidney Pills do all they are advertised to do," says Mrs. Carrie Crawford, of School Hill, Bisbee. "I am a graduate nurse and have given Doan's Kidney Pills to patients and used them myself. I have never known them to fail to cure any complaint of the kidneys or bladder. For backaches, headaches, and dizzy spells, there is no better remedy than Doan's Kidney Pills. I used to suffer from these symptoms, but Doan's Kidney Pills cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Crawford had. Foster-Milburn Co., Props., Buffalo, N. Y.

## BERNEY BURIED IN DIRT WHEN LAGGING SLIPS AND OPENS UP

Was Raising Set in Czar Shaft—  
Covered by Fall of Loose  
Ore Which Came in When the  
Roof Lagging Suddenly Gave

Thomas Berner, a miner in the Czar shaft, was almost instantly killed by a cave-in in one of the lower levels early yesterday morning. He was completely covered by the sliding earth which filled the drift and it was some time before his companions who were near at hand when the accident occurred, could recover his body.

The accident occurred when Berner was raising a set to the required level of the drift. He had removed the dirt from the low end of the roof lagging and blocked the timbers up. He had then set about removing the side walls and blocking out the side lagging. In some manner the top lagging slipped or gave away and the soft earth above rushed in. Berner was buried before he could move according to his partner and the shift boss, who were within a few feet of the unfortunate man when the accident occurred.

Berner leaves a wife in Bisbee and a brother in Los Angeles. Mrs. Berner's home is in Michigan. He was not a pioneer of Bisbee and Arizona but had been employed as a miner for many years. He was formerly working in the mines in Colorado, where many of the local miners knew him, and where he bore a good name and was much liked.

Funeral arrangements have not yet been completed.

### Attended Big Dance.

Messrs. Walter Evans and S. P. Briscoe, both candidates for office at the coming primary election, accompanied by Charles Purdon, went to Garces, in the Huachuca mountains last evening and attended a big dance there. They report a very large crowd and a most enjoyable time.

### State Engineer Here.

Lamar Cobb, state engineer, arrived in the city on Thursday evening and during his stay visited the road camp near this city. He is very well pleased with the work so far done in the Tombstone canyon and predicts that when the same is completed it will be one of the most substantial sections of the state highway in Arizona.

### Visiting Friends.

Miss Grace Wilson is in the city from Tombstone for a stay of several days, during which time she is the guest of friends.

### BETTER THAN LEMONADE

Hersford's Acid Phosphate  
Try a spoonful in a glass of cold water with sugar. Refreshing and invigorating. Keep a bottle handy.

## POLITICIANS ARE THICK AS 'LASSES

Gather in Bisbee in Great Number Last Evening For Fence Work

Bisbee is seething with politicians and politics. The started coming to town yesterday morning in flocks. By evening they were gathering in herds on the outskirts of the city and advancing on the unsuspecting public. By nightfall the streets, the hotels and all other places were crowded with political office seekers. There were two hundred politicians in Bisbee by the time Mark Smith left for Lowell to make his public bow. Each of the candidates represented some thousand others, who were politicians.

The same number of candidates with an added few now and then and a departing brother about half as often will remain in the city over to day. Some of them will remain longer, according to their time and their county and state affiliations. All of them were anxious to meet all the voters, and all of them gave the voters every chance to meet them. It would be useless to enumerate them. It would take too long. But anyone who has saved a copy of the democratic candidates for county office as published in the Review some two weeks ago, need only glance down the list and he has all of them. They were all here last evening, and will probably all be here this evening.

## PREDICTS WOMEN WILL CAST A HEAVY VOTE

Those who think that the women of Bisbee are not going to take part in the primary elections are badly mistaken, according to a prominent society lady of the Warren district.

"Women are taking a great interest in the coming elections, and in many cases they are better informed regarding the issues than the men. Many have read the statutes carefully, are thoroughly informed regarding the present laws and those needed, and are interested in seeing capable men selected for the different state and county offices," she stated.

"My prediction is that there will be a large number of women in the legislature which convenes in January of 1917 and they will assist themselves with credit," concluded the speaker.

## MORE BISBEEITES DECLARE INTENTIONS

Another group of prospective citizens of Uncle Sam's domain appeared before the clerk of the superior court yesterday and made application for their first citizenship papers, the majority being residents of the Warren district.

T. Parry, U. Webster, F. Odgers, E. Blanchard, P. Rooney, J. Peterson, J. Hope, H. Neill, P. Ewert, H. Adolph, G. Enatic, S. Milovich, D. Truscott, J. Truscott, G. Demarech, all of Bisbee, and C. Jones, of Douglas. From what could be learned today it is expected that another large class will go to Tombstone after the primary election from this section for the purpose of declaring their intentions of becoming citizens.

## WILL PROFIT BY RISE IN MARKET

Because of the rise in the silver market brought about by the war in Europe, the Nacozari Consolidated company is crowding development in its silver-lead-silver end, according to the announcement made by Secretary Russell this morning. The big working tunnel is being pushed steadily toward the copper deposit in the Copper King ground of the company.

The company is preparing to install additional equipment in its mill, including concentrating tables, machinery for fine grinding and an additional ore elevator. It is thought the work can be finished by January 1, after which the company will be able to handle 500 tons in the 24 hours.

### LUMBER CASE WILL BE HEARD IN FLAGSTAFF.

WASHINGTON, D. C., Sept. 4.—The interstate commerce commission has ordered a hearing for October 27, at Flagstaff, in the case of the Arizona Timber and Lumber company against the Atchison, Topeka, and Santa Fe railroad company. The hearing is over freight rates on lumber to points in New Mexico, Colorado and California which have been under advisement and discussion for the past year or so.

## PREMIER ASQUITH MAKES APPEALS TO INCREASE FORCES

Asks Land Forces To Come To Front Stating Navy Has Already Done Its Part—German Ships Bottled and Sea Is Clear

LONDON, Sept. 4.—Premier Asquith made the first of a series of appeals for an increase of the British land forces. At a meeting in Guild Hall he described the empire as involved in a bloody arbitration of might versus right, and urged every able bodied Briton of military age to join the colors. The navy, the premier indicated, was already doing its part.

The navy had sealed up the German fleet, it was said, and was thirsty for a test of strength in the open. The British warships, Asquith said, had hunted the German merchant marine from the high seas, and when a few German cruisers which still infested the distant ocean had been disposed of, as they would be very soon, the navy would have achieved for the British a neutral commerce security as complete as ever enjoyed in the days of unbroken peace.

### NOTICE FOR PUBLICATION

Department of the Interior  
U. S. LAND OFFICE at Phoenix,  
Arizona, Aug. 31, 1914

NOTICE is hereby given that James H. Ritter, of Lowell, Arizona, who, on July 20th, 1911, made Homestead entry, No. 614931, for Lot 4, SE 1-4SW 1-4, S 1-2SE 1-4, Section 19, Township 22 S, Range 25 E, G&SR Meridian, has filed notice of intention to make three year proof, to establish claim to the land above described, before Jared D. Taylor, U. S. Commissioner, at Bisbee, Arizona, on the 6th day of October, 1914.

Claimant names as witnesses, Joseph J. Boyle, of Lowell, Arizona, Fred W. Ritter, of Lowell, Arizona, John T. Potter, of Bisbee, Arizona, Calvin Potter, of Bisbee, Arizona.

THOMAS F. WEEDIN,

FOR RENT—4 rooms, 68 Kansas St. Tate 1331.

## ANOTHER STRIKE AT JUNIPER FLATS

Another rich strike of gold rock was made on the Truxex properties in Juniper Flats yesterday and pieces of the metal speckled rock were brought to Bisbee where they were shown last evening at the Edgewood Cafe. They were of that variety of rock which is studded with small particles of the yellow metal standing out in such prominence as to attract immediate attention.

The rock was uncovered in a different location from any which have formerly been worked, and show again the claims which the owners put forth for the properties—that the gold bearing ore may be found at almost any spot on their locations.

### SUGAR MEN CLAIM HIGHER PRICES ARE LEGITIMATE

NEW YORK, Sept. 4.—The increase in the price of sugar after the European war began was legitimate, according to testimony given today at District Attorney Whitman's "John Doe" inquiry into the high cost of food.

Edwin Atkins, chairman of the board of directors of the American Sugar Refining company, said the demand abroad and the competition there for West Indian and Central and South American raw sugar made the increase in price here necessary.

At four food markets which the city opened today, sugar was sold more cheaply than housewives could buy at the stores and within two hours the entire supply at these markets was exhausted.

At the John Doe proceedings, John A. Sim, general manager of the flour company said speculation in flour in this country was impossible. He predicted that if the price of flour continued to rise, many small bakeries would be forced out of business.

Bread at the new municipal markets today sold at 4 cents and bakers in the neighborhood did little business. The markets were crowded.

Chief Magistrate McAdoo, who presides at the John Doe hearing, announced more than 12,326,000 pounds of raw sugar have been sold to English brokers at \$5.80 per 100 pounds. Raw sugar early in July sold here as low as \$5.25 per 100 pounds.

Magistrate McAdoo asked one witness today if he knew that there was in bond in this port last week \$5,500,000 worth of raw sugar. The witness, general sales manager for a large sugar company, said he knew nothing of it.

## EQUAL THESE CLOTHES VALUES IF YOU CAN, MEN!

We don't believe it possible to equal them in the entire state! It is our purpose in setting these clearance prices to make them the lowest ever quoted for garments of the character we are offering. We are most concerned in emptying tables and cases of the remainder of all Summer stocks—costs are utterly disregarded!

This event can't last much longer. You should not let it slip by without investigating the tremendous values. There are smartly styled garments of every description. SUITS HEAVY ENOUGH FOR FALL & WINTER WEAR.

Running Water in All Rooms

The commanding officer of a certain regiment was much troubled about the persistent untidiness of one of his men. Reprimand and punishment were unavailing.

Then a brilliant idea struck the colonel.

Why not march him up and down the whole line of the regiment and shame him into decency? It was done. The untidy warrior, who hailed from the Emerald Isle, was ordered to exhibit himself and march up and down the entire regiment, and the men were told to have a good look at him.

After the ordeal was over the unabashed son of Erin halted, saluted the colonel, and said in the hearing of the whole corps:—  
"Dirtiest regiment I ever inspected, SGT."

### U. S. ARMY'S NEW ADJUTANT GENERAL

Colonel Henry P. McCain.

Colonel Henry P. McCain has just been made adjutant general of the United States army, succeeding General George Andrews, who has reached the age limit. General McCain was recalled from duty in the Philippines for his promotion.

### Good Mechanics

like to work with our cement, lime and other building materials. They take pride in their work and make a better job of it. You get a better building in every way and at a really less cost than when inferior materials are employed. Have us make an estimate on the materials for your next job.
